PROFILE

To secure a responsible career opportunity in a reputable organization where i can utilize my skills and knowledge (or creative idea) to contribute towards the growth and success of the company.

PROJECTS

SIKSHALAY

- Created 'Sikshalay' school management system with user-friendly interfaces.
- Enhanced communication and access to school info for students, teachers, and parents.
- Admin and teachers managed student data, classes, and subjects.
- Key features: 24/7 access, online homework submission, event notifications.
- Technologies: HTML, CSS, JavaScript (frontend), PHP (backend), MySQL (database).

ROYAL HOTEL

- Developed 'Royal Hotel' project to streamline hotel booking for customers and hoteliers.
- Simplified the booking process with user-friendly interfaces.
- Customers easily find and book hotels, while hoteliers efficiently manage bookings.
- Utilized technologies: HTML, CSS, JS, PHP (frontend), MySQL (backend).
- Key features include user registration, real-time availability, detailed hotel listings, multimedia support, and admin functionalities for hotel and room management.

PORTFOLIO

- Developed a responsive personal portfolio website.
- Showcased academic journey, skills, and projects.
- Utilized HTML, CSS, and JavaScript for web development.
- Highlighted project details and technical skills.

TEMPERATURE CONVERTER

- Created a dynamic temperature converter webpage.
- Utilized HTML, CSS, and JavaScript for interactive functionality.
- Enabled seamless conversion between Celsius, Fahrenheit, and Kelvin.
- Improved user experience with bi-directional conversion.
